

POSITIONS VACANT

AUSTRALIAN BUILT FOR TOUGH AUSTRALIAN CONDITIONS

REGIONAL SALES/MARKETING MANAGER

- ◆ On the job training
- ◆ Grow with the organisation

Interested in working for a progressive agricultural boom spray manufacturer? Hayes Spraying are looking at expanding its sales and marketing team. If you have an understanding of farming practices, precision agriculture, weed detection and sprayer control systems, along with an enthusiastic work ethic we would like to hear from you.

LEADING HAND/WELDER FABRICATORS.

Hayes Spraying is a family owned Australian Company that manufacture agricultural spray equipment in Goondiwindi SE Qld. Our boomsprays are used throughout Australia and internationally.

Due to an increase in production and an expansion of the company we are now accepting applications for multiple full time positions that have been created.

These include:

- ◆ Leading hand.
- ◆ Boilermakers.
- ◆ Welder/fabricators.

The successful applicant should possess the following skills, although onsite training could be provided for the right applicant:

- ◆ Fully qualified boilermaker.
- ◆ Positional mig welding skills.
- ◆ Stainless steel and alloy welding experience an advantage.
- ◆ Ability to read & interpret fabrication drawings.
- ◆ Experience using machinery such as Press Brake, Guillotine, Pipe benders etc.
- ◆ Competent in the use of hand & power tools.
- ◆ Forklift ticket would be advantageous.
- ◆ Strong safety awareness.

Third and fourth year apprentices and people with extensive knowledge of the trade are encouraged to apply.

Working conditions:

- ◆ Monday to Friday. Early knock off Friday.
- ◆ Consistent weekly hours.
- ◆ Modern workshop facilities.

ASSEMBLY TECHNICIAN/SUPERVISOR

- ◆ Onsite training provided
- ◆ Career progression of the right candidate

Hayes Spraying require an enthusiastic and hands on Assembly Technician. Experience with mechanical, hydraulic and electrical installation in addition to precision agriculture knowledge could see you as an integral part of the Hayes Spraying team. A typical day will involve you assisting our clients and dealers on service and repairs, fitting out Hayes Spraying products and supporting the R & D department whilst supervising a small team in our assembly workshop. A commitment to a strong work ethic and positive attitude will see you rewarded with a competitive remuneration package.

JUNIOR PARTS OFFICER

Seeking a recent high school graduate who is interested in a career with a leading agricultural manufacturer. You will already have some customer service/retail experience and reliable transport. Working alongside an already established parts team your key responsibilities will be:

- ◆ Prepare invoices
- ◆ Pick and pack customer orders
- ◆ Despatch and receive orders
- ◆ Assist clients on identifying parts
- ◆ Other duties as directed by supervisors

YARDPERSON

- ◆ Part Time
- ◆ Drivers licence essential

Hayes Spraying are looking for a yard person to join the team on a part time basis. Your experience with farm machinery, mechanical knowledge and understanding of WH&S will assist you in the daily general yard duties that come with this role and whilst a forklift licence is not essential it would be an advantage.

Applications must include a current resume with contactable work references.

For further information, please contact Hayes Spraying on 07 4671 3092.

Applications should be emailed to accounts@hayesspraying.com.au.
